

Page Frame

Page / Boxing (Mo Better Fit)

1. Section / Hero

Section / Hero / Boxing

Auto Layout: Vertical (center aligned)

Contents:

- Text / H1 → Mo Better Fit
 - Text / H2 → Personal Training
 - Text / H3 → with Guy Mosley
 - Button / Primary → GET STARTED!
 - Text / Tagline →
Taking athletes to their next level
Mind, body & Soul
-

2. Section / Timeline (Optional UI Block)

Section / Timeline

Auto Layout: Vertical

⚠ This is more of a **visual/interactive component**, not core content.
You can simplify or restyle this heavily in Figma.

Structure:

- Component / Timeline Nav
 - Dates:
 - 16 Jan
 - 28 Feb
 - 20 Mar
 - 20 May

- 09 Jul
- 30 Aug
- 15 Sep
- Controls
 - Prev
 - Next

👉 **Design suggestion:**

Turn this into either:

- a **progress bar / journey**
- OR remove entirely (low value vs effort)

3. Section / Training Focus

Section / Benefits

Auto Layout: Vertical

Header

- Text / H2 → Personal Training for

Grid

Grid / Benefits (3-col desktop / stacked mobile)

Component: Benefit Card

Component / Card / Benefit

Auto Layout: Vertical

Structure:

- Icon
- Text / Title

- **Text / Description**
-

Cards:

1. Speed

- speed drills, interval training, and agility exercises to improve your overall speed and acceleration
-

2. Power

- plyometrics, Olympic lifts, medicine ball throws, and resistance training to enhance your power output
-

3. Explosion

- box jumps, kettlebell swings, jump squats, or medicine ball slams, to improve your explosive capabilities
-

4. Weight Gain

- lifting weights, performing compound exercises, and optimizing your nutrition to support muscle growth
-

5. Strength

- squats, deadlifts, bench presses, and pull-ups, ensuring proper form and technique to maximize your results
-

6. Mental Focus

- incorporate mindfulness techniques, visualization exercises, and specific training protocols to improve your mental focus
-

Design Notes (important for this page)

Layout Strategy

- Hero = **high-impact, full screen**
 - Benefits = **clean grid, icon-driven**
 - Timeline = optional / replaceable
-

Component System

- Card / Benefit
- Grid / Benefits
- Section Wrapper
- Button / Primary
